• Position: Printed on the white tag, inside bag and near larger warning tag
• Model: **AC515**
• Position: Inside of the speaker, on the interior battery door (sticker)
How to Read a Dial System MD Code:

• There will be 2 dials; one listing numbers 1-12 (month) and another listing numbers 1-30 (day).
• The dial with numbers 1-12 will also have another number in the center of the dial (the year).
• There will be an arrow inside of each dial, corresponding to a number.
• You then read the 3 numbers from the two dials, creating a Manufacturing Date.
• Example: By looking at the dials of this product, the Manufacturing Date is 8/26/10
