

Radio Flyer Ranks #2 out of 25 Best Small Companies

Why It's a Great Employer

Well-known maker of children's tricycles and wagons has been around for over 90 years and has a mission to "bring smiles to kids of all ages and to create warm memories that last a lifetime." Team members remain inspired by giving back to the community in charitable events that include a walk to the local Shriner's Hospital to donate wagons full of toys for the children. They celebrate a toys-filled "Take Our Kids to Work Day" each year. Instead of a CEO, they have a Chief Wagon Officer (CWO) who asks job candidates to not accept a new position unless they truly feel it will be the best job they ever had.
